AMENDMENT UNDER 37 C.F.R. §1.111

Assistant Commissioner of Patents Washington, D.C. 20231

Sir:

In response to an Office Action dated May 23, 2001, please amend the abovereferenced application as follows:

IN THE SPECIFICATION:

Please AMEND the specification as follows:

Please replace the paragraph beginning at page 2, line 23 with the following amended

paragraph:

and BI

"The conventional rubbing method has been widely used as a means for applying an uniaxial extension process on a liquid crystal alignment layer so as to obtain a wide area and a high speed process and to simplify the manufacturing processes. Rubbing a substrate coated with polymer with a cloth is a simple method."
